## AUSTODEX-DX

Syrup

### Composition:

Each 5ml. contains:

|                          |    |        |
|--------------------------|----|--------|
| Dextromethorphan HBR     | IP | 10 mg. |
| Chlorpheniramine Maleate | IP | 4 mg.  |

**Usage:** This combination product is used for the temporary relief of cough, sneezing, or runny nose due to the common cold, hay fever or other upper respiratory allergies. This product contains a non-opioid cough suppressant (such as chlorpheniramine, dextromethorphan). It affects a certain part of the brain (cough center) to help you stop coughing. This product also contains an antihistamine (such as triprolidine, chlorpheniramine, doxylamine) that works by blocking the effects of a certain natural substance (histamine), which causes allergy symptoms. It also has a drying effect.

**Pack Style: (100 ml.)**

**M.R.P. ₹ 135/- Per Bottle**

## AUSTOCOF-LS

Syrup

### Composition:

Each 5ml after reconstitution suspension contains:

|                            |    |         |
|----------------------------|----|---------|
| Levosalbutamol Sulphate    | IP |         |
| Eq. to Levosalbutamol      |    | 0.5 mg. |
| Ambroxol Hydrochloride     | IP | 15 mg.  |
| Guaifenesin                | IP | 50 mg.  |
| In a flavoured Syrupy base |    | q.s.    |

**Usage:** Ambroxol + Levosalbutamol + Guaifenesin is a combination of three medicines: Ambroxol, Levosalbutamol and Guaifenesin, which relieves cough with mucus. Ambroxol is a mucolytic which thins and loosens mucus (phlegm), making it easier to cough out. Levosalbutamol is a bronchodilator.

| Syrup Base                     |                        | Q.S.   |

**Usage :** Gynocare syrups are Ayurvedic or herbal formulations intended to address various women's health concerns, including regulating periods, relieving menstrual pain and discomfort, supporting overall female health by reducing weakness, and potentially helping with leucorrhoea (a type of vaginal discharge), irritation, and inflammation. They are marketed as natural remedies with no side effects and are used to improve uterine health and blood purification, which is also linked to skin health.

### NEUROMIDE-FORTE

Injection

#### Composition:

| Each 2ml. contains:                        |    |          |
|--|----|----------|
| Methylcobalamin                            | IP | 1500 mcg |
| Pyridoxine hydrochloride                   | IP | 100 mg   |
| Niacinamide                                | IP | 100 mg   |
| D-Panthenol                                | IP | 50 mg    |
| Benzyl Alcohol IP 2%v/v (As Preservative). |    |          |
| Water for Injections                       | IP | q.s.     |

**Usage:** Methyl cobalamin + Vitamin B6 (Pyridoxine) + Niacin amide + D-Panthenol is a combination of four nutritional supplements from vitamin family. Methyl cobalamin is a form of vitamin B12 that restores its level in the body thereby helping in treating certain anemia and nerve problems. Vitamin B6 (Pyridoxine) or vitamin B6 provides essential nutrients to regulate different functions of the body.
